## Polio Drive Nets More Than \$500

**Leader of Campaign Hopes for \$700 Before Monday Evening, Close of Event; Aid Urged**

### Local Store Awarded Advertising Honors

Hamlin's 1948 drive for the fight against infantile paralysis had netted more than \$500 prior to Thursday of this week, with only a few more days remaining of the current campaign, according to Mrs. V. R. Bond, chairman.

Mrs. Bond said Thursday morning that she hopes to raise the total contributions from Hamlin and area for this year to more than \$700, which would be more than twice the amount given here last year. The total taken in 1948 for the fund was \$347.

Gifts from business houses and individuals, obtained by personal solicitation of the chairman, totaled \$300 and a few cents, the chairman reported. Money turned into the campaign by the Ferguson Theater, obtained from patrons during the past week brought the amount to \$461, and funds taken from jars and containers throughout the city will total more than \$100.

Gifts have been promised from the Lions Club, the Rotary Club, Veterans of Foreign Wars and the Hamlin Literary Club. Hamlin schools have not yet reported on money raised from students and faculty members, Mrs. Bond said, and she believed these contributions would be sufficient to give the city more than enough to reach the unofficial goal.

The drive, which was slated to end January 31, was extended last week because of the bad weather, and will close Monday evening, February 7.

## Hemphill Rites Were Conducted In McCaulley

Final rites for P. S. Hemphill, 77, who died in the Hamlin Memorial Hospital, February 1, were conducted in the McCaulley Baptist Church at 2 o'clock Wednesday afternoon. Rev. John W. Price of Knox City was in charge of the service.

Hemphill, who had spent almost a half century as a farmer three miles north of McCaulley, had been in bad health for the past two years, and had been seriously ill for the past week.

Born in Red Rock, in Bastrop County, March 18, 1871, Hemphill came to Fisher County in 1889. He had been a farmer throughout his adult life.

Hemphill had been a member of the Methodist Church for many years.

He is survived by his widow of the home: two sons, W. A. Hemphill of McCaulley and T. N. Hemphill of Hamlin; and one daughter, Mrs. Leta Johnson of McCaulley; two brothers, Guy Hemphill of Morton and Ross Hemphill of Haskell; and three sisters, Mrs. Eliza Perkins of Florence; Mrs. Emma Steadman of El Paso, and Mrs. Ida Miller of Lubbock.

In addition he is survived by six grandchildren and 10 great grandchildren.

Burial was in McCaulley cemetery, directed by the Barrow Funeral Home.

## Early Fire Damages Clothes for Hulings

Fire which broke out about 8:00 o'clock Tuesday morning in a clothes closet in the Oddie Huling home near the high school, was brought under control by the fire department before it had a chance to spread.

The fire started from an electric extension cord in the clothes closet, according to Mickey McGuire, fire chief. No estimate of the amount of damage was given, but clothing in the closet was said to have been charred badly.

### LEGION TO MEET.

The Hamlin Post of the American Legion will have a meeting Monday evening, February 7 in the Legion hall, Commander Joe Culbertson said this week. The meeting is scheduled for 7:30 and all members are requested to attend. Culbertson said.

## 1949 Schedule For Pied Piper Grid Squad Set

Schedule for the 1949 football season for the Hamlin Pied Pipers was arranged at a meeting of officials of District 6-A in Rotan Monday night. I. R. Hutchison, superintendent of Hamlin schools, said.

The schedule calls for six conference games, three of which will be played at home, and three non-conference contests, with two of them clated for Hamlin.

Officials of the district voted to admit Roby into the conference, provided the Roby School will make certain changes to meet the recommendations for eligibility.

The requests of Aspermont and Ranger for admission to the 6-A loop was denied by the officials.

Hutchison and Truman Nix, assistant coach, represented Hamlin at the meeting.

The complete schedule for the fall football season follows:

Date	Opponent	Place
Sept. 9	Stamford	Here
Sept. 16	Spur	Here
Sept. 30	Anson	There
Oct. 7	Roby*	Here
Oct. 14	Roscoe*	There
Oct. 21	Merkel*	Here
Oct. 28	Snyder*	Here
Nov. 4	Colorado City*	There

### ACC 65 Voice Choir to Give Hamlin Program

The acapella choir from Abilene Christian College will present a program in Hamlin High School auditorium at 11 a. m. Wednesday, February 9, it was announced this week by I. R. Hutchison, superintendent of Hamlin schools.

The choir, which is made up of 65 persons, is making a tour of towns in this area. It will visit Rotan at 9 a. m. Wednesday, and is slated to be in Sweetwater Wednesday afternoon.

The public is invited to attend, Hutchison said.

### Mrs. Roach Suffers Broken Arm in Fall

Mrs. Mildred Roach suffered a fracture of her right arm about 9 a. m. Monday when she slipped on ice and fell in the back yard of her home in Hamlin.

The accident took place while Mrs. Roach was hanging clothes on a line in the yard. She was taken to the Callan Hospital in Rotan for treatment, and later was returned to her home here.

Mrs. Roach is a waitress in the Bluebonnet cafe.

### Rev. Posey Will Have Part in Bible Meet

Rev. A. R. Posey, pastor of the First Baptist Church in Hamlin, will appear on the program of the annual Bible Conference, to be held at Hardin-Simmons University February 7 to 9.

The conference will feature some of the outstanding Bible scholars of Texas on its program, the announcement issued this week, said.

## Pipers Take One Game, Lose One In Week's Play

Hamlin's Pied Piper basketball team scored fifty per cent in games played during the past week, when it won a game from Anson Tigers and lost to the Albany Lions.

The Anson game, played on the local court last Friday night, gave the pipers a lead of 40 to 30 for the visitors. Lewis LaBaume was high point man in the contest with 11 tallies. The two teams ended the half tied at 17-17.

The B-team won from the Anson juniors 13 to 12 in a second game of the evening, when Jack of Anson was high point man with 6 counters.

In game at Albany Tuesday evening the Pipers took the short end of a 30-29 count after having led the Lions throughout the first three quarters. The Albany clincher came in the last few minutes of play.

Melvin Andrus of the Lions was high point man with 20 points, 16 of which were made in the last half. May of Hamlin racked up 13 points.

The Hamlin B-team lost by two points to the Albany youngsters when the final score was 21-19.

The Pipers will meet Monday on the Hamlin court next Monday night. The game, which was scheduled for January 20, had been postponed because of bad weather.

A home game is slated for Friday evening of this week when Throckmorton will come here for a regularly scheduled contest with the Pipers. Hamlin will go to Haskell next Tuesday evening for a game, according to the schedule.

## Four Directors Are Elected to Civic Club Board

Members of the Hamlin Chamber of Commerce elected four men to the board of directors in ballots that were counted and tabulated Tuesday afternoon.

The four new directors, who will serve for a period of three years are R. Y. Barrow, Carl Murrell, W. C. Russell and Travis Hash.

The new directors will be installed in a meeting of the entire board of directors to be held Tuesday, February 15, according to Mrs. E. M. Wilson, secretary of the chamber of commerce.

Directors replaced by the four men are: Fred C. Smith, Claude Lancaster, F. B. Moore Sr., and Clyde R. Angel.

Other members of the board who will serve during the coming year are: Jim Howard King, J. S. Inzer, Pat Marlow, Art Carmichael, Eddie Jay, A. G. Irwin, Everett Texnay and J. C. Turner Jr., Haskell Carter, who is Hamlin director for the West Texas Chamber of Commerce, also serves on the local board.

Immediately after installation of the new members, the board of directors will organize and select a president of the chamber of commerce. J. S. Inzer served as president during the past year.

### Judge Garrett Spoke To Lions Tuesday

Judge Roger Q. Garrett of Anson was guest speaker at the Tuesday noon meeting of the Hamlin Lions Club, when he discussed the program for farm-to-market roads in the county.

Garrett was accompanied here by Charles Brownfield Jr., Jones County attorney.

Pending bills in the state legislature that will affect Jones County were discussed briefly by the judge, who pointed out that one of the bills proposes permitting counties to appropriate and use for soil conservation and roads purposes a percentage of ad valorem taxes collected. Another would give towns and cities the right to use one third of the ad valorem taxes collected in their limits for water works development.

Garrett said the road program in Jones County got underway three years ago when 26 miles were constructed. Last summer an additional 22 miles were built and he said it is likely that from 10 to 12 miles of roads will be built during the coming summer.

Burial was in the McCaulley cemetery, directed by Barrow Funeral Home.

## Little Red School House, African Style

Among topics now being studied by the U.N. Trusteeship Council at Lake Success is the first report from one of its own regular Mission to areas under U.N. Trusteeship system. The report concerns Ruanda-Urundi and Tanganyika and covers all phases of native life, including health, economics, social welfare and schools (above).

## "Hot" Check Artists Victimized Hamlin Merchants; Over \$100 Lost

Posing as a young farm couple, and carrying a baby that appeared to be about 10 months of age, a young man and woman took \$115 from four Hamlin merchants by means of worthless checks late last Thursday evening.

The four business firms victimized were Hunter's Style Shop for \$30; Safeway Grocery \$30; Hudson Style Shop \$25; and Simpson Grocery \$30.

The couple, who gave the name of Mr. and Mrs. Dave Patton were carrying the young child when they entered the stores shortly before closing time.

They told the managers of the firms that they lived near the Hutton Baptist Church. They would then obtain merchandise valued at from three to four dollars and prefer the checks in payment, accepting cash in exchange.

The checks were drawn on the Farmers & Merchants National Bank of Hamlin and were signed by "Mrs. Myrtle Patton" and made payable to Dave Patton.

The bank reported that no such account was carried there when the checks were presented for payment.

Officers believe the couple to be the same pair that victimized four merchants in Stamford earlier in the week. Descriptions were the same, and the Stamford couple also carried a small child. The amounts taken in both towns were approximately the same.

The young man is said to be about 20 years of age, sandy haired and about 5 feet, 10 inches in height. The woman was believed to be about 18 years of age.

## Rites Thursday For Mrs. Barnes, Pioneer of Area

Funeral services were conducted Thursday afternoon in the First Baptist Church of McCaulley for Mrs. T. C. (Perryman) Barnes, pioneer resident of this area.

Services were in charge of the Rev. W. R. Stuckey, pastor of the McCaulley church.

Mrs. Barnes died in a Sweetwater hospital Wednesday evening following an illness of two weeks. She had been making her home recently with a daughter, Mrs. B. W. Gilliland of Sweetwater.

Born in Kentucky in 1880, Mrs. Barnes came to Fisher County more than 45 years ago and had made her home since that time near McCaulley. Her first husband, Mr. Perryman, died many years ago and later she was married to T. C. Barnes.

Survivors are three sons, W. R. Perryman of McCaulley and Jack Perryman of Sweetwater and Doc Perryman of Artesia, New Mexico; and five daughters, Mrs. Jim Fenton, Tahoka; Mrs. Elmon D. Rogers, Hamlin; Mrs. Ruth Griffith, Mrs. Dora Sanders and Mrs. B. W. Gilliland all of Sweetwater.

Burial was in the McCaulley cemetery, directed by Barrow Funeral Home.

The public is invited to attend the services, Rev. Smith said.

## Culbertson Test Plugged at 3300

Activity in Hamlin Field Slow Because Of Freeze and Mud; New Locations Seen

Operators plugged the Unren & Frazer et al No. 1, J. C. Culbertson wildcat test drilled five miles northeast of Hamlin, Wednesday after the well had reached a total depth of 3,340 feet, it was reported this week.

The bit encountered a good showing of oil in the Swastika at 3,26 feet, but heavy showing of salt water made commercial production impractical from that depth. The well originally was slated for a 4,600 foot test. No reason for plugging the hole before reaching the scheduled depth was given.

Reports Thursday morning said a new test in the same area as the Culbertson well will be started within a few weeks, but confirmation of the report was impossible to obtain.

Activity in the Hamlin oil field in the Round Top area was slow down considerably during the past week by freezing weather and the by deep mud that resulted when thaw set in.

An official test was filed last week for the General Crude Oil Co., No. 4 M. Flores et al. The test made 352 barrels of 43.1 gravity oil in 2 hours with production through a quarter inch choke.

The Flores was drilled to 4,400 4,800 feet after having topped the Palo Pinto reef at 4,219 feet. Casing was cemented at 4,487 feet.

Other wells in the field were reported drilling ahead at various depths with no new completions reported.

### Culprit Who Turned in False Alarm Is Found

The culprit who turned in a false alarm about 1 a. m. Thursday morning and roused members of the Hamlin Fire Department from their warm beds, was caught in the act at the scene of the blaze.

The alarm called city fire truck to the Producers' Gin and awakened numerous residents of Hamlin. When the fire truck arrived, a brief examination disclosed the fact that the alarm had been turned in by an automatic electric fire alarm system when the wires were shorted out.

## Hamlin's Opportunity

Hamlin, the village which is in the throes of casting off its swaddling clothes in the process of becoming a city, is facing a year of great opportunity.

With ample moisture to start the year, provided by a benevolent Providence, prospects for excellent wheat and cotton crops are glowing brightly at the beginning of the year's second month.

And with full-time production by the Celotex plant, the industrial picture is promising, coupled with the continued growth of the oil field in our front yard. There is every reason for viewing the future here with confidence and hope.

But, the town of Hamlin cannot hope to attain its full destiny by mere chance. Nor can our community hope to see a city rise from the townsite unless planned effort—and much of it—is put forth by those among us who are civic minded, progressive and willing to do plenty of hard work.

Hamlin has several needs that must be met before we can hope to attain proper growth and progress. They are absolute essentials for any town that his vision of spreading its borders and increasing its population.

Hamlin must have an adequate supply of water to take care of all domestic needs, and also to encourage the coming of small industries, which are essential to growth. Our present supply of water is sufficient for our immediate needs, but is woefully inadequate if we hope to become bigger and stronger as a municipality.

Not only is water needed here, but there is a shameful lack of housing. Rent houses and apartments are almost impossible to find here. Something must be done and done quickly if Hamlin is to take advantage of the heavy influx of population that not only is potential, but actual.

And in regard to housing, there is ample capital in Hamlin to finance the construction of many, many more rental properties than we now have. It would be a refreshing thing in this day of dependence upon Washington if local men would

## Dr. Haake Sees Blasphemy in Story About Jesus in Communist Publication

By Alfred P. Haake

Only those who deny a Supreme God could handle Jesus of Nazareth as He is handled in a recent issue of the communist paper, "The Worker," Illinois Edition, December 26, 1948.

Underneath the laws of economics and other man-articulated sciences and arts, are the basic laws that govern life as implemented by God himself. The Universe would long since have fallen apart and man have perished, had there not been eternal laws which held the one together and enabled the other to pursue his destiny.

Atheists have sneered at the Christ, but the worst of them has never prostituted Jesus as a bait to lure men down the primrose path to collectivism and communism.

To use Jesus as a communist, to compare His sufferings with the machinations of modern communists, is the cheapest and most blasphemous form of sacrilege. But that is exactly what "The Worker" does on its front page of December 26, 1948.

A quarter page mock advertisement calls for the apprehension of the criminal Jesus Christ. He is shown with a bitterly hopeless face, lined with suffering. Underneath a legend states that He is wanted for sedition, criminal anarchy, vagrancy and conspiring to overthrow the government.

The less informed reader may swallow the nasty cynicism. But anyone who really knows the story of Jesus knows that He was not seditious, was not considered a criminal anarchist even by His enemies, and that He made no efforts to overthrow the government. He recognized the rights and place of Caesar as He did those of God.

It is bad enough that communists should blaspheme the Redeemer, while at the same time seeking the support of church groups with their humanitarian-scented program of atheistic materialism.

But our real menace does not come from the openly-confessed communists.

It comes rather from those whom we know as respected leaders in various places, many of them revoking the aid of God in their collectivist activities, who lend front to the collectivist movement under the sanction of religion. It is not surprising that communist Earl Browder is quoted as boasting that the communist movement, more than any other, has succeeded in setting up a common front with religious groups and in bringing communist non-religious ideas to

the religious masses.

It does take strength to stand by the teachings of Jesus. It takes fortitude and faith to support the basic doctrines of Christianity, and perhaps we should not be too surprised that some ministers, unable to stand up to their religious professions, lend willing ears to these men who would charge social institutions to solve the problems of sinful man.

It is easier to change laws on statute books than to reform sinful men.

That is what has been wrong with the church for hundreds of years.

Someday a real crusader may arise within the church and persuade people to become Christians, and give the teachings of Jesus real opportunity to demonstrate the power behind and in them. Such a man would restore faith in God, and find solutions for our social problems by attacking their roots in man himself.

Jesus has been crucified many times. God has often been blasphemed. But no derision of the Master or contempt for God has ever approached the depths of degradation to which both have been subjected by this effort to make Jesus a communist.

Ancient Jewish high priests confessed the sins of the people over the head of a goat, after which it was released into the wilderness, hence the modern term "scapegoat."

The less informed reader may swallow the nasty cynicism. But anyone who really knows the story of Jesus knows that He was not seditious, was not considered a criminal anarchist even by His enemies, and that He made no efforts to overthrow the government. He recognized the rights and place of Caesar as He did those of God.

It is bad enough that communists should blaspheme the Redeemer, while at the same time seeking the support of church groups with their humanitarian-scented program of atheistic materialism.

## Writer Says Seeds of War Found in The Struggle for Economic Security

By George Peck

In a previous article I discussed the struggles of early man to attain economic security. In this editorial I'd like to say a few things about man's struggle in modern times.

Empires always have been built on the simple formula of controlling large colonial populations that can be forced to fight for and buy things from the empire nation. This has been the only solution for an overpopulated nation to overcome its lack of natural resources.

Spain, France and England were the first of three modern nations to engage in this colonization business on an extensive scale. The rule was that the first nation to conquer a so-called unenlightened country, could raise its flag thereon and receive undisputed title to the confiscated territory. The inventions of gunpowder and big ships made this a pleasant, lucrative and relatively safe undertaking. As a result, Spain, France and England prospered mightily.

Russia, backward and fully occupied with millions of square miles of undeveloped land, took no hand in this territory-grabbing game. Germany was slow in realizing the economic advantages of this colonization racket, and when she finally did see the light, all of the good claims had been staked out. By this time, England and France and, to a lesser degree, Holland had garnered the cream of the crop.

As time went on, Germany felt the pinch. Finally, she demanded that England and France move over to make room for her. Meeting with a firm refusal, matters came to a head when the Kaiser decided that Germany was militarily strong enough to challenge the French and British Empires. She almost got away with it in World War I. In fact, only America's entrance into the war made the blockade of Germany air-tight and starved her into submission.

Don't make the mistake of believing there were any ethics or ideals mixed up with that picture. There were none involved. Of all the nations that were dragged into World War I, America alone can be suspected of having been motivated by lofty ideals, and there even is a reasonable doubt about that. Wars always have been and always will be strictly business.

The Treaty of Versailles supposedly ended the War of 1914-18. Keen students of the situation at that time knew and so proclaimed that it simply set forth the terms under which Germany would recuperate and prepare for another try at world conquest. Any doubt that there may have been about this was dispelled when the League of Nations turned into a travesty. The Versailles Treaty was either too severe or not severe enough. Germany either should have been exterminated, or taken into the Anglo-French firm.

Neither was done, and as a result the way was paved for the rise of Adolf Hitler, and

# Economic Survey Jones County Given at Anson

An economic survey of Jones County, giving its background and its natural, human and capital resources, was presented in a meeting in the district court room at Anson last Wednesday evening.

The survey was compiled as a joint project of the Texas & Pacific Railway and the University of Texas, and was one of 62 that have been made in Texas during the past several months.

The meeting was attended by people from Anson, Stamford and Hamlin, with several rural residents present.

Work on the survey was done by workers from the University of Texas, in cooperation with the chambers of commerce of the county.

J. J. Finegan, T&P assistant to the President, presented the report at the meeting and told those attending that copies of the survey may be obtained from the state university.

The group of railroad officials, which, in addition to Finegan included W. G. Harris, assistant general passenger agent, H. E. DeLane, general agent and W. T. Lynde, public relations counsel.

Miss Jane Adams, student in Tex Tech at Lubbock, spent the weekend in Hamlin as a guest of her parents, Mr. and Mrs. Seth Adams. Roberta Reynolds of Texas spent the week-end with her parents, Mr. and Mrs. M. S. Reynolds in Sweetonia.

Value? Only a parent can tell you. Cost? Uncle Sam allows a \$600 income tax exemption to cover a year's board and keep—a parent has ideas on that too!

Value? What else gives you so much for so little as electricity? It lights, heats, cools, cleans and entertains; saves you time, work, money. Cost? A few cents a day!

Value? Ask any doctor the value of radium—or a patient whose life it has saved. Cost? A single ounce would cost you around \$650,000—if you could buy that much all at once!

Value? You can measure a diamond's value only in a woman's eyes. Its cost? About \$900 for a good-quality, one-carat stone... and it takes more than 140 carats to make one ounce!

## Attends Funeral for Relative in Haskell

Onis Crawford attended funeral rites in Haskell last Friday for Miss Ida Crawford, an aunt, who died there last Thursday. Miss Crawford, who formerly lived in the Sweetonia community near Hamlin was 69 years of age.

Crawford was accompanied to Haskell by Tarlton Willingham and Bill Smith, former neighbors of Miss Crawford, who served as pall bearers.

Rites were conducted in the First Baptist Church of Haskell with the pastor, the Rev. Allen O. Webb, in charge.

Burial was in the Highland cemetery at Stamford.

The Suez canal is 104 miles long.

### Can Black-Draught Help That Dull, Dopey Feeling?

Yes, Black-Draught may help that dull, dopey feeling if the only reason you feel that way is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental haziness, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. **Cotton Markets In Okla., Texas Show Weakness**

Cotton markets were fairly quiet in Oklahoma and Texas this week and sales dropped from last week's moderate rate, the United States Department of Agriculture's Production and Marketing Administration, reports.

Dallas, Houston and Galveston reported sale of 65,916 bales compared with 84,017 bales a week earlier. Sales in all 10 spot markets also were down, from 257,400 bales a week ago to 228,000. Export market continued active and sales increased.

Japanese Board of Trade announced an offer to purchase 48,000 bales of mostly medium to low grade short staple cotton. Also, reports indicated that export licenses had been authorized for shipments of raw cotton to Russia, estimated by the trade to be about 500,000 bales.

Many farmers continued to sell equities freely in government loan cotton. Sizeable lots were bringing \$2.50 per bale for lower qualities to \$9 for higher grades of medium staple lengths.

Loan entries to Commodity Credit Corporation through January 20 totaled 4,306,700 bales.

Some interest was shown by domestic mills for better qualities of white cotton ranging in staple length 31-32 inch through 1 1-32 inch.

**BOOKS ARE AVAILABLE.**

A number of leaflets, titled "A Look Ahead for Texas Rural Families," will be available soon at the office of Bill Lehmburg county agent it was announced Monday. The pamphlets discuss the prospects for profits in various crops and livestock. They are furnished without charge.

Have you been a little slow about giving your engine the extra protection it needs for winter-weather driving?

It's easy to change now to winter-grade Conoco N<sup>th</sup> Motor Oil and the extra protection of an engine that is OIL-PLATED!

Because free-flowing Conoco N<sup>th</sup> actually fastens extra lubricant right to cylinder walls. This extra OIL-PLATING protects working parts from winter's grinding "dry-friction" starts . . . from metal-eating combustion acids . . . and from power-robbing sludge and carbon due to wear.

So stop trouble before it starts . . .

**It's Smokeless**

Perforated broiler grid drains grease off and away from the flame. From above, the live gas flame instantly and completely consumes grease vapors as they rise from the meat—an exclusive feature.

**It's Faster**

Only the live gas flame gives you instantaneous, searing temperatures. Eliminates broiler preheating time.

**Tastes Better**

Extra large burner spreads intense heat evenly over the entire broiler grid. The live gas flame sears . . . seals flavor in; then cooks meat uniformly done.

## Buried Treasure Near Abilene Is Object of Search

A treasure in Spanish gold is still buried somewhere in West Texas, according to a legend recounted in the current issue of the Junior Historian by Frida Lucas of Wichita Falls.

Writing for the magazine which has publication headquarters in the Texas Historical Association offices at the University of Texas, Miss Lucas relates that many fortunes have been poured into a futile search for the \$50,000,000 worth of gold and other treasure, reportedly buried by the Spaniards between Clyde and Abilene.

The original story, according to Miss Lucas, states that leaders of a Spanish pack train transporting the gold to the coast, heard Indians were planning to attack them and buried the treasure.

The map indicating the treasure's location was sent to Spain where it was found many years later in a cathedral, and returned to Texas. As late as 1937 men were digging at the site where the treasure is believed to be buried, the young author writes.

## Funeral Rites in Roby for Former Fisher Sheriff

Services for John Floyd Parker, 61 former Fisher County sheriff, were conducted in the First Baptist Church of Roby at 3:30 Saturday afternoon, with the Rev. Robert L. Hewley, pastor, officiating.

Parker died unexpectedly Thursday on his farm five miles east of Roby, where he had gone to look after some cattle. His body was found beside a barn on the farm about 8 o'clock Thursday evening. A verdict of death from an unknown natural cause was returned following an inquest.

Born on the old 18 Ranch west of Roby, March 13, 1887, Parker spent his entire life in Fisher County. He engaged successfully in ranching activities and in 1926 was appointed sheriff to fill the unexpired term of Bob Smith. Parker later was elected to two terms as sheriff.

He was a member of the Baptist Church in Roby and of the Woodmen of the World lodge.

Survivors are his widow; two sons, Fanny and Dwlyn of the home; two sisters, Mrs. Ethel Green and Mrs. John Hayes of Roby; a foster sister, Mrs. Joe Wetzel of Roby; four brothers, Archie of Mississippi, Ernest and Irwin of Roby, and Carlton of Sweetwater.

Burial was in the Roby cemetery directed by McCombs and Cate Funeral Home.

## Vet Hospitalization Rules Are Clarified

Procedure for gaining admittance to veterans hospitals in emergencies, was given this week in a letter by Landon V. Davis, Jones County service officer.

"Arrangements in an emergency may be made by telephoning the admitting officer," Davis said. "Full particulars should be given, and authority for entry should be requested, and also for reimbursement of necessary travel expense."

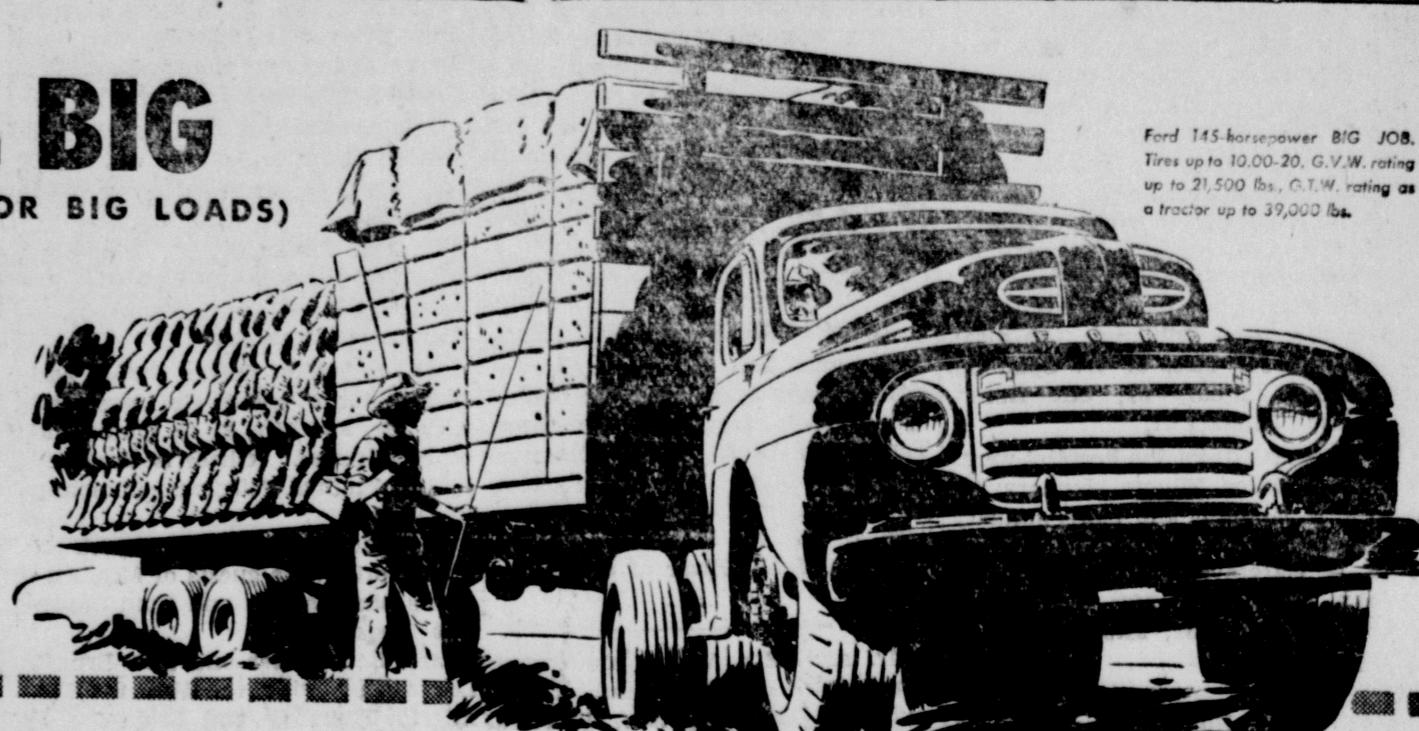

Davis said the best plan is to have the local doctor phone the hospital and give a clear picture of the case. If the veteran does not have a personal doctor, the VA designated doctor should be asked to call the hospital.

Information that will be essential, Davis pointed out, includes full name and address, C-number if possible, date of enlistment and date of discharge, character of discharge and condition of the veteran patient.

When an attendant is authorized to travel with the veteran to the hospital the government will provide for transportation and allow the attendant \$8 a day for the time required.
